

## Examples of Facilitations

---

- ▶ Denver taskforce on Diversity Hiring in the Police and Fire Department – Everyone at the table brought their concerns and what they believed was the correct answer – from their perspective. We reached a consensus in which everyone was heard and collaborated.
- ▶ Douglas County’s North Meadow Extension.
- ▶ Warranty of Habitability legislative bill. Colorado was one of two states without Warranty of Habitability safeguards. Legislation has been introduced numerous times over the past 25 years, with no success. We were asked to bring tenant and landlord advocates together and facilitate their reaching an agreement on a bill which could pass. We met with a room full of attorneys, advocates and special interests. We worked hard, the issues were complex, and of course, everyone initially thought they were right! We reached an agreement on a bill, it was introduced and assed in both houses of the legislature.
- ▶ I-70 and Globeville, Elyria and Swansea neighborhoods.
- ▶ Graffiti taskforce for the City of Denver.
- ▶ Denver City Council’s prioritization of bond expenditures.
- ▶ Denver Hispanic Chamber of Commerce strategic planning.
- ▶ Colorado State Division of Local Affairs.
- ▶ Centura health’s Spiritual Care Departments twelve distinct and different hospitals tasked with developing a model, an approach to systematized spiritual care. We agreed upon a “Full-circle Spiritual Care” model which met the needs of Adventist and Catholic hospitals. See [www.CenturaChaplains.org](http://www.CenturaChaplains.org)
- ▶ Animal Care and Control issues.
- ▶ Denver’s Economic Prosperity Taskforce.
- ▶ Xcel Energy and the City of Boulder Citizen Taskforce.
