

**GOOD NEIGHBOR AGREEMENT REGARDING A
TEMPORARY MANAGED COMMUNITY
THE RADISSON INN
Located at
4849 Bannock Street**

This Good Neighbor Agreement (the “Agreement” or “GNA”) is entered into by and between the (need name) neighborhood, and its immediate neighbors and businesses, collectively referred to as “Neighbors”, and Bayaud Enterprises (Bayaud), operating “Housing Works”, located at 4849 Bannock Street. Together, the Neighbors and Bayaud are referred to as the “Parties”.

Bayaud Enterprises Background

Bayaud Enterprises, Inc., was founded in 1969 to alleviate barriers to self-sufficiency for adults living with mental health and other disabilities. Since April 2020, Bayaud has supported or managed shelter operations and staff supervision of shelter attendants for large and small congregant sites. Bayaud is recognized for our ability to support our community’s most vulnerable guests. Bayaud takes an innovative approach that includes strengths-based, participant-driven services and support.

Staff encourage temporary guests to connect with Bayaud’s low-barrier and supportive services that range from necessary referrals and coordination for any mental and physical, healthcare needs, provide benefit, resource navigation and employment referral to Denver Day Works, housing navigation, and case management and support services that are housing-focused, trauma-informed, person-centered, and use a harm reduction approach for all guests.

At this particular site the City of Denver is leasing the Radisson from the owner. The owner is responsible for maintenance and grounds. Bayaud is responsible for intake, programs, food, daily needs, and resourcing for permanent work and housing.

It is the understanding of the neighbors that the City of Denver’s intent is not to allow the hotel to be used as a shelter or temporary housing for homeless individuals after the current lease expires, which may be as soon as December 31, 2024 or at the latest December 31, 2025.

GOALS

The goals of this Good Neighbor Agreement (GNA) are to provide a means for both Housing Works and adjacent neighbors² to work effectively together so Bayaud, the individuals they serve, and the adjacent neighbors are able to experience the quality of life necessary to enjoy comfort and safety in their neighborhood.

¹ This agreement is between the Bayaud Enterprises and a volunteer group of stakeholder neighbors, chosen by the City of Denver. The neighbors involved are not parties to any of the contracts related to the Radisson site or Bayaud Enterprises and are involved strictly in a volunteer capacity. Feedback was sought from neighbors throughout the collaborative process of GNA construction. Feedback will continue to be solicited throughout the Good Neighbor Committee process.

Therefore, the neighborhood volunteers are not liable for actions resulting from the behavior of residents of the Radisson micro-community, impacts to the neighborhood as the result of items contained within the Good Neighbor Agreement, or the dissatisfaction of neighbors regarding how well the GNA represents their interests.

² Adjacent Neighbors in this document generally refers to neighbors and businesses within 1,000 feet or a 2-3 block area surrounding Housing Works.

This document defines the intent and agreement of all parties represented, by clearly identifying the expectations and responsibilities for Bayaud and the Neighbors in achieving their shared goals.

Key to achieving this is the Parties combined commitment to:

- Maintaining a peaceful, safe, and beautiful neighborhood.
- Establishing and keeping an open line of communication among the Parties.
- Developing a process to address questions, concerns and solve challenges.
- Providing a safe and welcoming environment to Radisson Inn/Housing Works guests³ and to neighbors, guests, property owners, visitors, and businesses, living in, working in, and visiting the area.

Dear Steve:

My administration is fully committed to ensuring the safety and success of our House1000 sites for both program participants and the surrounding community. This commitment to responding to and addressing the challenges of neighborhoods has been abundantly clear in the 60 neighborhood meetings that I attended about the House1000 plan during the first 6 months of my administration. In order to ensure the safety and success of neighborhoods adjacent to House1000 sites, we have taken proactive steps to establish systems that will alert our city agencies to any incidents that may occur in the surrounding communities. Additionally, we are taking proactive steps to increase police patrol and response in these neighborhoods. Please find an outline of these efforts below.

We have established electronic geofencing through 311. This geofencing provides real-time alerts of any 311 complaints within 1000 feet of a House1000 site directly to the Director of Encampment Response. Complaints within these geofenced locations are prioritized for immediate response. My staff meets daily with the Denver Police Department and other city agencies to track and ensure complaints within these geofenced areas have received response on a daily basis.

We are committed to responding to incidents immediately. Given the immediate alerts to the Director of Encampment Response, and the daily coordination calls mentioned above, any encampment related activities within 1000 feet of any House1000 site will receive response within 24 hours.

We are committed to evaluating data and assessing response times as observed by adjacent communities. As the Good Neighbor Committees meet on a regular basis, we expect these committees to compile their own record of 311 complaints and track their understanding of response times. My team is eager to receive the Good Neighbor Committees' feedback in order to understand the success of this process and the ways in which the process can continue to be improved.

Denver Police will increase patrols in adjacent neighborhoods. The Denver Police Department is fully behind this effort and poised to ensure the health and safety of neighborhoods welcoming people previously experiencing homelessness. Every Denver resident deserves to live in a safe and healthy neighborhood and DPD will stand ready to address any challenges that may arise as the Department works to advance our broader city-wide goals around crime-reduction.

Addressing homelessness comprehensively and maintaining neighborhood safety is a difficult but solvable problem. Collectively, we can solve that problem. The solutions outlined above will enable our city agencies to respond to any issues that might arise in a timely and effective manner. These steps affirm the reality that my administration is completely committed to the success of these sites for both the program participants and their neighbors. We are committed to ensuring that the House1000 sites are safe, fully staffed, and secure for the program participants and staff, and that surrounding neighborhoods remain beautiful and welcoming places to live, work, and play.

We look forward to ongoing conversations with the community and ensuring appropriate response times that promote safety and success for people in every corner of our great city.

Sincerely,

A handwritten signature in black ink that reads "Mike Johnston". The signature is written in a cursive, flowing style.
